Advisory Action

TECHNOLOGY CENTER 37005

Continuation of 5. does NOT place the application in condition for allowance because: The arguments presented do not simplyfy the items at issue in the case. Specifically, applicant argues that the filler passage is structurally different than the drain passage, but recites only the intended use of the drain passage, omitting any limitations that affect the structure of the passage itself. Therefore, the instantly claimed invention is not patentable over the prior art of record..
